
Date of release: 05.12.2025; **Revision n°:** 5 **date:** 05.12.2025; **Approval:** R&D; **Verified:** QMS

1. Description

High-performance neutral pH detergent, safe for washing all types of vehicles and paint finishes, including the most delicate ones. Formulated with special surfactants that provide high foaming power while maintaining their cleaning effectiveness even in hard water conditions. Effectively removes grease, oil residues, smog, and insect remains. Does not contain phosphates, pleasantly scented.

Suitable for both manual washing with a sponge and self-service washing systems with a brush.

2. Technical Specification

Physical appearance	Clear viscous liquid
Color	straw yellow
Odour	perfumed
pH	7.0-7.8 at 20°C
Specific weight at 20° C	1,015-1,025
VOC (CH)	no
Biodegradability of surfactants	Over 90%
Storage	Protect from sunlight
Expiry	5 years from production date

3. Use

HOW TO USE:

Manual washing:

Dilute 20 grams of product in 5-6 liters of water. Apply with a sponge or wash mitt, then rinse thoroughly.

Self-service systems:

Pre-dilute the product with water to approximately 50%, then apply using a lance equipped with a brush, adjusting the dosing pump to 2-3%.

Read and observe the safety warnings on the container label.

For information on handling, transport, etc., refer to the Safety Data Sheet for the product in question.

The information contained in this documentation refers to the knowledge of the product at the compilation date indicated above. However, considering the many possible uses and possible interferences from elements not dependent on the manufacturer, it is not possible to assume any responsibility regarding the indications.
