
Date of release: 05.12.2025; **Revision n°:** 4 **date:** 05.12.2025; **Approval:** R&D; **Verified:** QMS

1. Description

Cleans and sanitizes air in enclosed and humid environments, including vehicles and rooms. Effectively eliminates odors caused by microorganisms, animals, tobacco smoke, and other sources. Helps prevent allergens and respiratory irritants.

Excellent broad-spectrum formulation designed for cleaning and sanitizing hard and fabric surfaces, environments and interiors of public and private vehicles, elevator interiors, air conditioners, various equipment even in schools, and for this reason it is suitable for multiple uses.

2. Technical Characteristics

Physical aspect	Liquid in aerosol
Fragrances	Pine, wisteria, lemon, mint
pH	n.a.
Specific weight at 20° C	0.700 – 0.800
Frost resistance	<0°
Alcohol content	83% referred to the liquid phase without propellant (LPG)
Biodegradability of surfactants	over 90%
Flammability	Below 0°C
Storage	Fresh and ventilated rooms at temperatures between + 10 ° C and + 30 ° C; avoid the accumulation of electrostatic charges
Expiry	5 years from production date

3. Use

HOW TO USE:

Shake the can before use.

1- for environments: Dispense the product inside the cars, caravans, buses, rooms, etc. Close the doors and windows. Wait about 10-15 minutes then carefully ventilate.

2- for surfaces: Apply from a distance of about 25-30 cm on the surface to be treated in short sprays without abounding, leave it to act, then wipe by using a cloth or paper.

Read and observe the safety warnings on the container label.

For information on handling, transport, etc., refer to the Safety Data Sheet for the product in question.

The information contained in this documentation refers to the knowledge of the product at the compilation date indicated above. However, considering the many possible uses and possible interferences from elements not dependent on the manufacturer, it is not possible to assume any responsibility regarding the indications.
