Freeze resistance	0°C
ADR class	Not hazardous
Flammability	Above 55°C
Biodegradability of surfactants	Above 90%
Storage	Protect from sunlight
Expiry	5 years from production date

3. Use

HOW TO USE:

Treating a limited part at a time, spray on the parts to be treated and spread with circular movements, leave to act for a few seconds then polish with a soft cloth.

WARNINGS:

Although it does not contain aggressive substances, it is still advisable to carry out a compatibility test on a small, barely visible surface.

Read and observe the safety warnings on the container label.

For information on handling, transport, etc., refer to the Safety Data Sheet for the product in question.

The information contained in this documentation refers to the knowledge of the product at the compilation date indicated above. However, considering the many possible uses and possible interferences from elements not dependent on the manufacturer, it is not possible to assume any responsibility regarding the indications.
